The Interior Journal, Stanford, Kentucky, Tuesday, January 15, 1918

Tuesdays and Fridays

DOINGS THE COUNTRY OVER

Senator James H. Brady, of Idaho, died suddenly in Washington of heart trouble.

Mrs. Augusta Mayer died at Evansville, Ind., from the effects of a pin scratch.

Arbourn & Co. and Swift & Co., Chicago packers, have had to close down their plants temporarily on account of inability to get coal.

"Eggless egg shampoos" have come to take their place with "wheat bread" and other wartime innovations, through an edict of the Food Administration for Kentucky.

Major A. T. Gardner, former Congressman from Massachusetts, who resigned when war was declared to enter the army is in a dying condition at Camp Wheeler, from pneumonia.

The national prohibition amendment was ratified by the Virginia Senate by a vote of 30 to 8. A resolution to submit the amendment to a referendum was defeated, 28 to 10.

A negro farmer, his wife and five children were burned to death in their home in Warren county. Five grandchildren of the man almost froze to death before assistance reached them.

A carload of hard coal consigned to E. S. Moore, a millionaire manufacturer, for use at his Lake Forest residence, near Chicago, was seized by State Fuel Administrator Webster, of Chicago.

Circuit Judge C. D. Newell, on motion of the Maysville Gas Company, granted an order restraining the Columbia Gas Company, of West Virginia, from reducing the gas flow for the town of Maysville.

Fire in the Industrial building destroyed the structure, which housed 23 manufacturing concerns, causing \$1,000,000 loss. Five dwellings, a saloon, a church and a grocery also were destroyed, at Indianapolis.

Railroad executives representing 177 lines and 90 per cent. of the mileage of the United States, in conference in New York City, decided to ask that Congress limit Government control of railroad properties to the end of the war.

Stella Kozeulowski, 8 years old was shot to death in Chicago by William Delakowski, 82 years old, when she and several playmates did not obey his orders to quit playing on the snow on his property. Police believe he was insane.

Following a request made by Senator Ollie James, of Kentucky, the Federal Government began Monday an investigation into the hemp-growing industry, of which Kentucky is the center. Experts will consider why hemp buyers are offering 7 cents a pound for the present crop, as against 14 to 16 cents a pound paid for last year's yield.

What was described as "a general industrial shutdown" took place at Jersey City, N. J., when electric power for commercial purposes was discontinued for 24 hours by the Public Service Corporation under its plan to conserve fuel by withholding electric power three days a week in different sections of the State. The corporation announced a few days ago that it was not getting enough coal to give normal service.

DESERVES A GOLD MEDAL FOR THIS

Cincinnati Authority Tells How To Dry Up Any Corn Or Callus So It Lifts Right Off

You corn-pestered men and women need suffer no longer. Wear the shoes, that nearly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

PREFERS CHAMBERLAIN'S

"In the course of a conversation with Chamberlain Medicine Co.'s representative today, we had occasion to discuss in a general way the merits of their different preparations. At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only cough remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher, Hamilton County Republican-News, Syracuse, Kan.

Editor Hiram Duley, of the Flemingsburg Times-Democrat, recently completed forty years in the printing business, and bids fair to remain in harness many years longer.

SAYS REV. MR. TAYLOR NOT HEAD OF STATE BAPTISTS

(Courier-Journal)

My attention has been called to some publications in the secular press in regard to some sayings and doings of the Rev. J. Boyce Taylor, of Murray, Ky. These publications are misleading, though not intentional. Hence I ask that you kindly give this statement from me a place in your paper in order to set the facts before the general public.

It is true that Brother Taylor was elected chairman of the General Association at Paducah last November. This, however, did not constitute him the head of the denomination in Kentucky. The most that can be said of that body is that it is advisory. It has no authority except to suggest or recommend to the local churches. When it adjourns it adjourns sine die. The work of the denomination in the interim heads up in the State Board of Missions and Education. This board has the entire charge of all the general work of the denomination in Kentucky. The Rev. M. M. Stallings, of Greenville, is president of this board, and if the Baptists of Kentucky have any one man who is at the head of the Baptists of Kentucky, that man is M. M. Stallings. Brother Taylor does not represent the denomination of Kentucky in any sense.

M. D. EARLY,
Member of Board of Missions,
Stanford, Ky.

IN NEIGHBORING COUNTIES

Drilling for oil will begin on Col. Joe Gibson's farm near Somerset this week.

Mrs. Bridget O'Bannon, an old and well-known resident of Somerset, is dead.

Mrs. Harriett Waddle, wife of Frank Waddle, is dead at her home near Somerset.

William C. Denman, aged 86 and a well-known clothing merchant of Nicholasville, is dead.

John W. Burris, a well-known citizen of the Barren Fork section of Pulaski county, is dead.

Somerset High School defeated Centre College basket ball team 19 to 14 at Danville Friday night.

Allen Smith, a member of Co. D, 336th Infantry, is dead at Camp Zachary Taylor. He was from Monticello.

Judge R. C. Tartar, of the Pulaski court, appointed C. B. Marcum, Dan Phelps, R. E. Todd, I. E. Payne trustees of the town of Eubank.

Sheriff J. M. Weddle, who went into office in Pulaski county last week named eight deputies and C. M. Langdon, re-elected county clerk, named 12.

Mrs. Sarah K. Biggerstaff, aged 71 and the widow of well-known Madison county farmer, is dead at the home of her daughter, Mrs. Lynn West, in Lexington.

Mason & Hanger, builders of Camp Zachary Taylor, have been awarded a contract to construct warehouse and docks at Newark, N. J., work on which is to begin immediately. The work probably will cost \$10,000,000.—Richmond Register.

Mr. J. W. Hood has taken possession of his farm in Lincoln county and has moved there. He was in Somerset Saturday on a business trip and dropped in to have the Journal follow him. We regret to loose Mr. Hood, for he is not only an excellent citizen but a good farmer. Pulaski needs to keep such men.—Somerset Journal.

RURAL LIFE PROBLEM

In the rural school of America between six and seven million children come from the farm. Not only every American citizen, but every American enterprise, depends almost entirely upon the success of one great industry—agriculture. No human agency can accomplish so much in improving the rural and agriculture conditions as the country school. The gravest domestic problem that confronts our country today is that of rural education. It is considered by specialists in rural educational activities that consolidation is the most important factor in the solution of this problem. There is no better way for developing the community, fostering civic pride and cultivating a spirit of co-operation, than by a well-housed, well-consolidated school, complete in its equipment and manned by a strong faculty of teachers in sympathy with rural life and understanding the needs of a rural community. With the rapid progress in road building throughout the State, it is hoped that Kentucky will soon take her place as to better roads and more consolidated schools, thereby becoming incentives to better rural education.—G. Singleton, Supt.

Watches and rivers do not run long without winding.

THREE SLACKERS ARRESTED

The following is taken from the Danville Advocate: Deputy United States Marshal C. L. Winfrey was recently sent out to "collect" a slackner who was charged with failure to register. The warrant directed the apprehension of Robert McQueary, of Garrard county, and while scouting about looking for young McQueary the report became noised about that "United States marshal is out looking for slackers who failed to register," and before Marshal Winfrey located McQueary two other young men in the Crab Orchard neighborhood, who had heard the rumor about slackers being sought, sought Marshal Winfrey and surrendered for failure to register. The last two named men were James Collins and Chester Brock. As Winfrey had no warrants for Collins and Brock, he allowed them to accompany him to Danville, where upon their own statements, warrants were issued by Commissioner W. L. Lawwill and the three of them will probably be tried at the next regular term of Federal court at Richmond.

TANKS FULL OF OIL

There are several 250-barrel tanks full of oil in the oil section of the county, but the weather has been so bad that further effort to locate the fluid has been declared off for a season. The Daniel Boone Co., Sylvester Newton and The Becker lease all have big tanks full to running over,

but they can neither prepare for a pipe line or ship it away. It is very likely that not much work will be done in the oil line until warmer weather, and then it will be pushed for all it is worth. The impression prevails that oil in paying quantities will be found on Mr. Forestus Reid's farm, where drilling has been done to a depth of about 100 feet and also on the Blain farm near Hustonville. Oil experts insist that oil underlies several sections of Lincoln county and say that neither work nor means will be spared in trying to locate it.

CITY COUNCIL ORGANIZES

The new city council had its first meeting Friday night, when the gentlemen who were chosen in a caucus held some ten days ago were elected. These are Hon. P. M. McRoberts, city attorney, Albert H. Severance, city clerk, and George T. Wood, chief of police. The First National Bank outbid the Lincoln County National for the city deposit, paying \$221 for it, and Mr. Walter W. Saunders was elected treasurer. Various committees were appointed and the members of the council organized well for the work that is before them.

DULL IN COUNTY COURT

The only business done in the county court Monday was the probating of the two wills mentioned elsewhere and the appointment of the following gentlemen as a board of supervisors: Messrs. W. T. Tucker, J. B. Honaker and W. S. Embry. The selection of these gentlemen showed excellent judgment, for they are fair-minded men and know as well as any other citizens the value of the various properties assessed in Lincoln county. The magistrates did not meet, but will have their first meeting next Monday.

COE MOSER'S EXCELLENT JOB

Coe Moser's friends, and they are many, will be glad to learn that he has been given the L. & N. agency at Bardstown Junction, one of the best paying agencies on this line of the road. He has not been ordered to report for duty but has been informed that he will be expected to do so on notification. There were a number of applicants for the position, many of the men older in the service than Mr. Moser, and it was evidently a case of merit winning.

ESTHridge ALFORD PARDONED

Esthridge Alford, who killed Oliver Smith near McKinney in 1915 and was given from 15 to 21 years in the Reformatory at Frankfort, has been pardoned by Gov. Stanley. Alford killed Smith over a bottle of whisky, it was claimed. The two had been drinking together during the day of the tragedy. Alford came home from Frankfort Friday night. He lives in the McKinney section.

Chairman Oliver, of the House Naval Investigation Subcommittee, made public the result of the investigation of the Navy's Ordnance Bureau. The efficiency of the bureau is highly praised. It is shown that for years the bureau has been storing up guns and munitions and keeping well oiled the machinery of the department in preparation for war. Much assistance has been given the Allies and the entire United States merchant fleet has been equipped to fight submarines.

THE FEARFUL COLD SNAP

Since Friday's paper was printed this part of the country has experienced some terribly cold weather. After a blustery night Friday, the mercury went as low as 14 below zero Saturday morning, and the day was a record-breaker for cold weather. The thermometer registered zero at noon and a few of those in protected places showed two to four above the even 1 and 3 o'clock. A biting wind added to the discomfort of the day, which will long be remembered as the most disagreeable even the oldest inhabitant can recall. Saturday night was another cold one and Sunday morning the mercury read four to six below. The wind ceased to considerable extent and by afternoon a temperature of 18 to 20 was shown. It snowed again Sunday night and yesterday was all sorts of a day, except a good one. Snow to a depth of eight or ten inches on the level and no telling how deep in drifts had accumulated and then it began to rain. The wet snow made navigation almost out of the question and the few who came to town to attend court had a hard time getting back home.

BOY SCOUTS ORGANIZED

On Thursday night of last week a number of boys met for the purpose of organizing a Stanford troop of the Boy Scouts of America. At their request the meeting was opened by Dr. Howard J. Brazelton, who explained the scout movement and how to become a scout. A permanent organization was effected, the 17 boys present enrolling as charter members. By unanimous vote Mr. Brazelton was chosen Scoutmaster and Joe T. Embry assistant. Messrs. J. L. Beasley, Kelly Francis, J. C. McClary, Prof. M. L. Cancer and Dr. J. F. Peyton were chosen Scout Commissioners. The troop was divided into two patrols; one taking the name of "Beaver" with William Tate as patrol leader and Joe Walter assistant; the other will be known as the "Wolf Patrol" with Dewey Wilhers, leader and Howard L. as assistant. Joe Walter was elected cook leader and Howard Brazelton troop scribe. The local troop will affiliate with the National Council of the Boy Scouts of America, endeavoring to carry out the program of that movement.

ALL TRAINS RUNNING LATE

The trains have been very much out of kilter during the bad weather and Saturday it looked for a while as if we were to have no passenger trains at all. No. 23, due here at 10:48 A. M., did not arrive until 3:30 P. M., and No. 28, which is scheduled to arrive at 10:28 rolled in between 6 and 7 o'clock in the evening. No. 21, the surest of all trains to arrive on time, whistled for Stanford just as the clock struck 7 Sunday morning, when it should have arrived at 11:17 the evening before. All trains have been from one hour to five or six hours late. These delays must not be attributed to the new management of the railroads, however, but to the fearful weather conditions that have prevailed for the past month or six weeks.

CHARITY FUND VERY LOW

Mr. Welch Rochester, custodian of the charity fund, informs this paper that the treasury is almost depleted and that many calls are being made on him and the other members of the charity committee for funds, coal and clothing. He asks the Interior Journal to say to the people of Stanford that money for charity purposes was never worse needed than now and that he hopes any and all who are willing to give will get into communication with him. There are many families in town who are really in need of fuel and food, and if there ever was a time when charity should begin at home it is now. If you have any change to spare see Mr. Rochester as soon as you can. Every little is a help.

MASTER COMMISSIONER SALES

E. C. Walton, master commissioner, sold Monday the Shuck Coleman farm of 116 acres, on Fishing Creek, near Kings Mountain, for \$780. Mr. T. F. Dunaway, agent for the Southern Railway at Kings Mountain, was the purchaser. The Garley Adams farm of 85 acres, situated on Cedar creek, in the Eastern section of the county, was bought by Orr Turnbill, of Depew, Okla., for \$1,225.

KNIKHTS OF PYTHIAS' MEETING

Diadem Lodge No. 81 Knights of Pythias will have a special meeting of importance business Thursday night, Jan. 17th. All brothers are requested to be present. You are needed. Don't forget to come. W. W. Saunders K. of R. and Seals.

The Middlesboro Three States has installed a new model 19 linotype.

MUSICAL—LITERARY CONTEST

The regular meeting of the Woman's Club was held in the Graded School Friday, Jan. 11th, when a contest in music and literature, between the fifth, sixth, seventh and eighth grades was enjoyed. Mrs. E. C. Walton, the president of the club, presided over the meeting, and in a few well-chosen words expressed the relation of the Woman's Club to the school, and its interest in the work of the pupils. The contestants were introduced by Miss Annette Wrenen. She mentioned the fact that all the musical contestants are members of the Bach Club, the youngest of the music clubs. After careful consideration the judges decided in favor of Miss Mary Ruth Reinhart, whose piano solo was beautifully rendered, and Miss Margaret Pettus whose paper on "How Can I Help Make Our Community Clean and Beautiful?" gave many practical suggestions. To these the prizes, awarded by the club, were given. The following program was enjoyed: Piano, Matilda Bell, grade 6; Paper, Mary Ruth Reinhart, grade 5; Piano, Lelia Cook Raney, grade 8; Paper, Sara Beck, grade 7; Piano, Mary Ruth Reinhart, grade 5; Paper, Margaret Pettus, grade 8; Piano, Martha Ewing Terhune, grade 7; Paper, Matilda Bell, grade 6.

DEATH OF YOUNG MAN

On Monday afternoon Undertaker J. C. McClary received a wire from W. T. Richardson saying that William James was dead and that the body would be brought to Preachersville for funeral and interment. The wire also stated that it was the desire of Mr. Richardson that the family of Mr. J. F. Miller, who live out on the Preachersville pike, be notified. Walter Miller, a son of J. F. Miller, was in town this morning and when asked about the telegram he said: "W. T. Richardson, who lives at Parker City, Ind., married my sister and William James her son, was about 18 years old. I came in town to wire the family of my sister of my mother's illness, when I was told of the message that Mr. McClary had just received. I look for the body of my nephew tonight, but I am not prepared to say what caused his demise."

CASHIER STANLEY MCINTOSH

The South Ben, Ind., News contains a splendid picture of Stanley McIntosh, who was the first cashier of the Waynesburg Deposit Bank, but who now is the cashier of the Trust & Savings Bank at Mishawaka, Ind. Accompanying the picture is an interview with Mr. McIntosh on the conditions of his town and his bank, in which he gives both an excellent boost. He says he takes especial pride in stating that in all the "drives" for money for various charitable purposes conducted recently Mishawaka has gone over the top, but notwithstanding his bank has the biggest deposit in its history.

VICE-PRESIDENT HUBLE

At a meeting of the directors of the Lincoln County National Bank Saturday afternoon Senator R. L. Hubble was made second vice-president of that institution and the present officers were elected for the year 1918. Senator Hubble, although one of the most extensive farmers in Lincoln county, is an active worker for the Lincoln National and makes his headquarters in the banking office when ever he is in town.

JAMES MILLER PASSES OVER

James Miller, aged 76, died at his home at Hales Well and was buried Sunday. He is survived by his wife, who was Mrs. Hammonds, a widow. Mr. Charles W. Lovell, who lived near Mr. Miller and who knew him well, says he was a splendid citizen and a most excellent man in every way.

IMPROVING HIS STORE

Sam Robinson has had John T. Blankenship, the contractor, working on the interior of his big store for the past week or so, putting in clothes racks and making improvements generally. Drop in some time and see what a convenient, pretty store Mr. Robinson has.

Give The Stomach A Chance To Work

We can't expect the stomach to act normally if the natural avenues of elimination are blocked so it cannot dispose of its refuse. When the bowels are constipated the stomach is called upon for work beyond its capacity and the result is bloating, belching, headache, and discomfort generally, and, unless the condition is promptly relieved, serious illness.

An effective remedy for constipation is sold in drug stores under the name of Dr. Caldwell's Syrup Peppermint. It is a combination of simple laxative herbs with poppies that acts on the bowels in a gentle, non-stimulating way without griping or other pain or discomfort and gives speedy relief. Get a bottle of Dr. Caldwell's Syrup Peppermint from your druggist and have it in the house when you need it. It costs only fifty cents and is the ideal family remedy, especially suitable for children and old people, yet sufficiently powerful for the strongest constitution. A trial bottle, free of charge, can be obtained by writing to Dr. W. H. Caldwell, 156 Washington St., Mount-Carlo, Illinois.

Lack of coal caused the loss of 3,818 working hours in paper mills during December.

Just Received!

A car of buggies. Let us show you before buying. We guarantee to please you. :::

Entered at the post office of Stanford, Ky., as second class mail matter.

Dr. M. D. Early, pastor of the First Baptist church of this city, did right when he informed the public through the columns of the Louisville Courier Journal that J. Boyce Taylor, the Murray preacher who is condemning Red Cross work and those who engage in it, is not the head of the Baptist churches of this State. From now hence Mr. Taylor will do well to be considered the tail-end of the splendid Christian organization, if indeed he retain membership in it at all. Making him moderator of the association that met last year seems to have turned the head of the man the wrong way and some influence or another has succeeded in making a pro-German of him. Dr. Early's card appears elsewhere in this paper.

The opposition papers that were asserting that Thomas would be elected speaker as easy as rolling off a log are saying very little since he was snowed under by the governor's choice. They do not even claim that it was accomplished by bribery and promise of office and appear to take little stock in the assertion of the fly-up-the-creek from the Western part of the state that an effort was made to bribe him to vote for Crowe. We trust the result of the contest will teach the opponents a lesson and that they will realize that Democratic success is not achieved by fighting Democratic administrations, especially when done purely for spite.

Congresswoman Jeannette Rankin, of Montana, is demonstrating the futility of the woman in politics. She refused to stand by the president in a declaration of war with Germany, but she has since apparently gotten so bellicose that she wants to fight one of our principal allies, that is if her demand can not be attained any other way. Her resolution remanding the independence of Ireland is about as foolish a proposition under the circumstances as could be invented. England must be permitted to take care of her own internal affairs and Miss Rankin will have to try some other means of winning her Irish constituents.

The authorities in Louisville are wiser in their day and generation than those of Lexington. In the Falls City a clause in the contract with the gas company requires a reduction of ten per cent., in bills for every 24 hours there is insufficient pressure to produce warmth. In the Blue Grass city there is no such clause in their contract and the people have to suffer and pay for what they do not get. It seems however that a prosecution for obtaining something for nothing might lie in the premises.

The sentences of two years each given Emma Goldman and Alexander Berkman, of New York, for attempting to obstruct the selective draft, were confirmed by the supreme court. Emma's dilemma is caused by her own foolhardiness and she will receive little sympathy from the public, which has long since grown tired of her and her mad acts.

Republicans of Knox county endorsed the candidacy of J. M. Robison, of Barbourville, for Congress. One C. Powers, who is misrepresenting the district in which Knox is located and whose home is at Barbourville, is again running for Congress, but his home people either haven't heard of it or are preparing to repudiate him.

A soldier boy at Camp Zachary Taylor was given three years in Federal prison for inserting medicine in his eyes that would temporarily interfere with his sight, in order that he might be discharged. A soldier of that character would help Uncle Sam far more in prison than he would on the battle field.

Mr. Watterson must realize that the times are out of joint, when two of his pet aversions are adopted by congress in less than a week. Prohibition and woman suffrage treading so closely on each other's heels are enough to drive him raving crazy.

Swift & Co., of Chicago, report profit of 34 1/2 per cent., while Armour's were doubtless more. Such profiteering on the necessities of life should be made a capital offence, especially when so many people are suffering for food.

If the oldest inhabitant ever experienced a colder spell than this he is discreetly silent. He does not want to have the "lie" flung in his face.

It is Col. James Maret now, Gov. A. O. Stanley having made the "Father of the Booneway" a member of his staff. Good morning Colonel.

John Purroy Mitchell, who retired on January 1, as Mayor of New York has been appointed a Major in the Aviation Corps of the United States Army.

THIS AND THAT

The British navy lost a war vessel early Wednesday morning when the destroyer Raccoon ran on the rocks off the North Irish coast and sank with all hands.

J. C. Wilson, widely-known deputy collector of internal revenue, is dead at Harrodsburg. He was 72 years old, and a former Confederate soldier. He was stricken with acute indigestion. He is survived by his widow.

In the fifty-eight years of the University of Kentucky's existence, 13,583 students have attended its sessions. From Kentucky there were 12,378 students; other States furnished 1,140 and foreign countries sixty-five. Every county in the State is represented.

Assuming that the great war will come to an end this winter, its total cost is figured at \$145,000,000,000, of which Germany and England each would bear \$30,000,000,000, France \$25,000,000,000, Austria \$13,900,000,000 and the United States \$20,000,000,000.

Provost Marshal General Crowder Saturday notified all State Governors of new regulations, approved by President Wilson, under which the boards hereafter will receive an aggregate of 30 cents remuneration for each man finally classified, exclusive of compensation for clerks or physicians who are not members of the board.

Dr. Ernst Kunwald, former director of the Cincinnati Symphony Orchestra, rearrested on orders from Washington, Ga., for internment, during the period of the war. Dr. Kunwald was arrested several weeks ago, but released twelve hours later. He is an Austrian citizen and said to be a reserve officer.

Immediate action to curtail non-essential industries by closing down plants three days each week, is expected to relieve the coal famine in the East. In New York, the situation is critical and intense suffering throughout the East is reported. Federal Fuel Administrator Garfield in a statement said he is not planning at present to set prices on fuel oils.

In view of the tone of the questions propounded by Chairman Lawrence B. Finn, of the Kentucky State Railroad Commission, at the inquiry into the Shepherdsville wreck it is expected the Legislature will be urged to enact laws requiring the road to install an automatic "block" signal system. Operator Jess Weatherford, who was stationed at Shepherdsville when the wreck occurred, will be exonerated of all blame. Engineer W. M. Wolfenberger, of No. 7, which struck the accommodation train, testified "We often run by those signals."

The first annual banquet by the pastor to the men of the Christian church was held last Friday evening in the basement of the church and it was a success from every standpoint. About one hundred men were present, a greater number of whom were members of this congregation, but there were several invited guests among which the pastors of other churches were to be found. After a most refreshing luncheon of sandwiches, sautéed chips, pickles, olives and coffee, Elder Delaware W. Scott, in the role of both host and toastmaster in his most alluring manner conducted the toastlist.—Somerset Commonwealth.

The First National Bank

Has the Largest Deposit In Its History of 36 Years

Showing that the citizens of Stanford and Lincoln County are prosperous. May their riches and happiness continue to increase, and may they remember to deposit their money in the above named Bank which will aid them to make the New Year the best of their lives.

PERSONAL AND SOCIAL

Miss Dora Stout is attending school at Berea.

Mr. J. S. Turpin is up after a severe spell of grip.

Mr. W. A. Reynolds was up from Junction City Monday at court.

Miss Lucile Parsons will leave tomorrow to enter school at Berea.

Mr. and Mrs. R. G. Hampton are up from Lebanon Junction with relatives.

Mrs. Lena Adams, of Davenport, Iowa, is visiting friends in the Crab Orchard section.

Dr. C. M. Thompson and Mr. T. F. Dunaway were over from Kings Mountain Monday.

Miss Miranda Tate, of Brodhead, spent several days with her friend, Mrs. Bronston Elder.

J. T. Wilkinson, in Camp Sheridan, Montgomery, Ala., is just getting up from a spell of pleurisy.

Mr. W. B. Turley, (Brother), of Richmond, attended court here Monday and Bob Bruce greatly enjoyed the day.

Cashier W. M. Bright, Dr. E. J. Brown, W. H. Wearen and W. B. McKinney are spending the day in Louisville.

Eph Murphy is in from El Paso, Texas, with relatives. His wife came as far as Tennessee, where she stopped to visit relatives.

Miss Susan Fisher Woods will receive at her handsome country home Thursday afternoon in honor of Mrs. Robert Benton Woods.

Mrs. S. J. Embry, Jr., will entertain at "Five Hundred" at her home on Lancaster avenue Saturday afternoon in honor of her new sister, Mrs. Robert Benton Woods.

Mr. B. D. Holtzclaw paid for his Interior Journal Monday for the 36th consecutive year. In that long time he has hardly ever been behind on his paper for over a month.

Miss Ruth Holtzclaw has returned from a visit with relatives and friends at Junction City and Crab Orchard.

Miss Anna Holtzclaw is visiting Mrs. Seth Grant at Richmond.

Ora Turnbull, of Depew, Okla., is here visiting old friends and relatives. He is a grandson of Mr. John Turnbull, for years a prominent citizen of the East End of the county.

William Yager left Monday afternoon for Dry Ridge, where he will take the baths for several weeks and hopes to be able to rid himself of the rheumatism from which he has been suffering some time.

THE Penny Drug Store
Quality, Accuracy and Fair Dealing
E. R. Coleman, Proprietor

G. H. Masters went to London this afternoon.

T. W. Jones was returned from a business trip to Warsaw, Ky.

Mrs. T. J. Hill, Jr., has returned from a visit to homefolks in Cincinnati.

Mrs. J. F. Miller, who lives out on R. F. D. No. 4, is very ill with a complication of troubles.

Col. D. N. Prewitt was in town today for the first time in two weeks, having wrestled with the grip.—Advertiser.

Mrs. B. Chancellor, of Walnut Flat, returned from a visit today to her daughter, Mrs. J. W. Williams, at Knob Liek.

Misses Ruth Tanner and Mary D. Beck, of McKinney, arrived Wednesday day to visit at the home of Mrs. Jim Davis.—Somerset News.

Mr. Lilburn Gooch, son of Mr. and Mrs. John M. Gooch, of the Goshen section, has been honorably discharged from government service at Camp Zachary Taylor on account of his physical condition.

Mr. A. J. Thompson, who has been suffering from an attack of typhoid fever at his home on the Danville pike, just over the line in Boyle, is steadily improving and is now able to be up in his room.

Mrs. Homer Combest, of Hustonville, and Mrs. E. H. Young are spending some time with Mrs. R. B. Green, at her apartment in the Weissinger-Gaubert. Mrs. John Haldeman will return today to her home on Third street, after spending several weeks in St. Louis, the guest of her daughter, Mrs. George R. Wendling, and Mr. Wendling.—Louisville Herald.

MARRIAGES.

Mr. and Mrs. Ben Ham, of Somerset, celebrated their golden wedding last week.

Mr. and Mrs. McKenzie Moss, of Bowling Green, announce the engagement of their daughter, Miss Willie Brewer Moss to Arthur W. Howe, Jr., of Philadelphia.

Miss Grace Wilson, of Sturgeon, and Robert C. Rice, assistant dean of Berea College, were married at Richmond by Rev. C. S. Knight. The ceremony was performed in the home of Mr. and Mrs. H. C. Brewer.

The resolution looking to ratification of the Federal dry amendment is the first business slated to come before the Kentucky General Assembly Monday, following announcement of the make-up of standing committees by Speaker Crowe of the House, and President Black of the Senate, but action upon it may be deferred, inasmuch as the ultra-drys have been disappointed in their ambition of having Kentucky blaze the way in the matter of nation-wide prohibition for other States.

A semi-official organ of the German Government, published in Berlin, avers that the heavy shipment of wheat from this country to Europe for the relief of the Allies indicates that American soldiers will not be sent to the European war zone.

How's This?

We offer One Hundred Dollars Reward for any one of Catarrh Medicine cannot be beat by Hall's Catarrh Medicine.

Dr. J. M. Acton, of Lancaster, has been commissioned Captain in the Medical Corps.

"I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's It!

"I should worry about those corns—I just peel them off."—"Get's-It" corns used to peeler the world into a frenzy, enduring pain and digging, slicing toes, tinkering with plasters.

"Gets-It" Puts Your Feet in Clover — It Ends Corns Quickly.

and tape, trying to fix a corn so it wouldn't hurt. But now no one in the world "should worry," because the moment you put "Gets-It" on it means the end of the corn. There is nothing in the world like "Gets-It"—nothing as sure and certain—notching that you can count on to take off a corn or callus every time, and without danger. The corn never grew back "Gets-It" will not get it. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and pain-free with the toe smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gets-It" today from any drug store, you need only 25c or less on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Penny Drug Store.

WITH THE CHURCHES

Presbyterian Church—Mid week service Wednesday evening at 7 o'clock.

The Woman's Missionary Society of the Methodist church, will meet with Mrs. Straub Wednesday, Jan. 16th at 2 o'clock. Pledge day and installation of officers.

The congregation of the Richmon

Baptist church went on record u

equivocally Sunday as condemning the position taken by Rev. H. Boy

Taylor, of Murray, Calloway county

who is condemning the work of the

M. C. A. and Red Cross in the

present war, says the Register.

Membership in Methodist churches

had the largest increase in its his

tory during the past year, while the

number of church edifices decreased.

The change is attributed by the offi

cial statistician of the Methodist

Church to the use of automobiles.

"Almost every family in the Middle

West owns an automobile," he says

in his annual report. "It is as easy

to go five miles or ten miles to church

as it used to be to drive half a mile.

A large number of people meet to

gether, there is more enthusiasm,

better business, better preaching and

larger social life. The effect is to

shut the doors of the white meeting

house on the hill, just as it is to close

the door of the red schoolhouse at

the crossroads."

IF YOUR EARS FREEZE!

If your ears, hands or feet become

frostbitten get some snow or ice, go

to a cool room, rub the affected

parts with the snow or ice and then

gradually let the affected member or

members get warmer, says one of

the city's best doctors. He explained

that the snow is used after the per-

son has been taken into the house to

get the affected member gradually

used to the warm room. His advice is,

"Never go into a heated house while

frostbitten."

A price of 23 1-2 cents a pound

for copper for the next four months

was fixed at a conference between

Federal authorities and copper pro-

ducers.

Jack, be saving,

Jack, conserve;

Jack, get round

The High Cost Cure.

A New King

With the arri-

val of the new

baby there comes

a new king to rule

and all older peo-

ple take willing

second place in

the greatest of all

domains—the home.

Before the arri-

val of baby, thousands of women have used the

penetrating, safe and reliable massage,

"Mother's Friend". It aids nature by

making it possible for the expanding mus-

cles to relax without the usual wrenching

strain and the inflammation of the breast

gland is soothed. The abdominal mus-

cles expand with ease when baby is born

and the tendency to morning sickness or

nausea is avoided; the crisis is one of joy

and happiness.

The expectant mother should aid na-

ture in her work by all means, and the

scientifically prepared preparation, "Moth-

er's Friend", is of the greatest help to

both the mother and the coming baby.

Write the Bradfield Regulator Co., Dept.

N, 200 Laura Building, Atlanta, Ga.

They will send you, without charge, a

little book which is very interesting and

valuable, "Motherhood and the Baby".

Get a bottle of "Mother's Friend" from

the druggist today. No woman should

make the mistake of failing to use "Moth-

er's Friend" for a single night. By

doing the danger and pain at the crisis

is sure to be less. It is absolutely safe.

HERE AND THERE

The Kentucky War Conference began at Hotel Henry Watterson, Louisville, at 10 o'clock this morning, with Gov. Stinney delivering the opening address.

Four persons were killed and a score wounded when a limited interurban car crashed into another car on the approach of the Big Four bridge at Louisville.

Thomas Welman, film operator at the Orpheum moving picture theater, Lexington, was probably fatally burned when a film caught fire in the projecting room. The theater adjoins the Phoenix Hotel.

Thirteen Indian boys were burned to death in a fire which destroyed the boys' dormitory of the Dwight Indian Training School at Marble

Worn Tires

In this time of high cost of living, why not economize. Bring us your old tire and let us Half-Sole it with the famous Gates Half-Sole so it will run longer than a new one--3,500 miles without a puncture. Ask the man who is using one. We do all kinds of Vulcanizing. Send us your work and it will be done right.

ROBINSON'S

Next Door to Lincoln Bank

LAND, STOCK AND CROP
P. L. Beek bought of J. C. Young 12 yearling cattle at \$37.50.
J. Fox Dudderar bought of T. W. Jones eight nice calves at \$20.
Sam Mutheny sold to T. W. Jones two 700-pound heifer cows at 7c.
Henry Catron sold to T. W. Jones a pair of small horse mules for \$230.
Edwards & Thompson sold last week at Richmond 60 pound cattle at 6 to 10c.

W. L. Graham, of Mercer, sold two calves to S. Metz & Son, of Chicago, at \$350 each.

J. W. Williams sold to Center Bros., of Garrard, 37 export cattle weighing 1,387 pounds, at 12 1/2c.

George Jett, of the Parksville section, sold 40 100-pound shoats to Webb & Rupley, also of Boyle, at 20c.

Andy Gooch, out on the Somerset pike, sold to T. W. Jones 21 700-pound cattle at 8c. Mr. Gooch bought of Mr. Jones 10 yearling cattle at \$39.

The price of \$1,500 for a Duroc-Jersey boar, Peerless Imperator, Jr., was obtained by the Mayfield farm, the sale being made to the Bagdad Land & Lumber Company, of Munson, Fla.

A Hawkins & Co., of Lawrenceburg, bought and shipped 14,000 turkeys for the Thanksgiving and Christmas markets that averaged 12 pounds. They paid on an average of 22 cents a pound, or \$36,960.

A Guernsey cow of the University of Minnesota farm, Imported Victorian of Sarnin, No. 35,669, has just completed a yearly record which gives her eighth place in the list of cows of that breed in Class AA. She produced 10,504.7 pounds of milk, with an average test of 5.15 per cent, butterfat, a total of 538.54 pounds of butterfat. She is seven years old.

A large crowd attended the Blukeman Bros' sale in Polly's Bend, Garrard county, and about \$12,000 worth of stock and farming implements was disposed of by Lyne & Robinson, auctioneers, at Nicholusville, who make the following report: Twenty-one mules ranging from 1 year to 8 years old sold from \$100 to \$205 per head; 140 sheep from \$13 to \$14.25 per head; broad sows from \$28 to \$40 each; 70 shoats 15 to 17c per pound; three cows \$85, \$100, \$105; two yearling steers \$88 each; two Jersey steers \$25 each; 25 long yearlings \$46 each.

UGH! ACID STOMACH,
SOURNESS, HEARTBURN,
GAS OR INDIGESTION

The Moment "Pape's Diapepsin" Reaches The Stomach All Distress Goes

Do some foods you eat hit back—taste good, but work badly; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. and Mrs. Dyspeptic, jot this down; Pape's Diapepsin helps neutralize the excessive acids in the stomach so your food won't sour or upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is positive in neutralizing the acidity, so the misery won't come back very quickly.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent can of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia, or any stomach disorder, due to acid fermentation.

Capt. Lewis R. Whisler, of Salina, Kansas, who is understood to have robbed the army bank at the National Army camp at Camp Funston and to have killed four men and injured the fifth, was found dead Saturday. Capt. Whisler killed himself, using a regulation service rifle. He shot himself twice in the head. The first bullet glanced and the second entered the brain. Capt. Whisler left a note addressed to a woman, which read: "I have been thinking of committing suicide for a long time, but never had a good reason. Yesterday I went out and made myself a reason."

SOON OVER HIS COLD
Everyone speaks well of Chamberlain's Cough Remedy after having used it. Mrs. George Lewis, Pittsfield, N. Y., has this to say regarding it: "Last winter my little boy, five years old, was sick with a cold for two or three weeks. I doctor'd him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold."

STANFORD WOMAN NOT WORKED OVER FOOD SHORTAGE

"I have lived on toast and water for over 6 months and have been scarcely able to eat anything for the past year. I began suffering from stomach trouble and bloating 5 years ago. A friend recommended May's Wonderful Remedy and since taking 6 doses I feel I am entirely restored; even cabbage does not hurt me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Lincoln Pharmacy and The Penny Drug Store.

Judge Frank A. Bullock, of the Fayette county court, ordered the court-house at Lexington to remain open at nights during the frigid weather, that unfortunates might have a place to keep warm.

STOMACH TROUBLES

If you have trouble with your stomach you should try Chamberlain's Tablets. So many have been restored to health by the use of these tablets and their cost is so little, 25 cents, that it is worth while to give them a trial.

High-class job printing at the Interior Journal office.

Commissioner's Sale

In obedience to a judgment of the Lincoln Circuit Court rendered at the November term 1917 in the action of Graham Wilson, alias Green Ferrill's adm'r., etc., vs. Thos Manning, the undersigned Commissioner will on

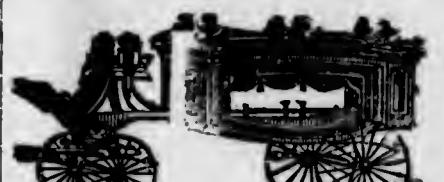

SATURDAY, JAN. 19, 1918, at about 2 P. M., in front of the courthouse door in Stanford, Ky., offer for sale at public outcry to the highest and best bidder, on a credit of six months, the tract of land now occupied by Thos. Manning, on the waters of Dix river, near Logantown in Lincoln county, Kentucky, bounded on north and east by the land of Wm. Porter and Alice Holmes; on the south by the land of Henry Hester and on the west by the land of Richard Hester, containing 38 acres or less. There is a pass-way on east side of said land, 20 feet wide running whole length of place.

The object of the sale is to satisfy the judgment of Graham Wilson's adm'r. for \$700 with 6 per cent. from Jan. 1, 1913, credited by \$100 as of Feb. 11, 1914; \$16 March 2, 1915, \$100 Nov. 24, 1917 and also the judgment of J. A. Allen for \$99.25 with 6 per cent. from Feb. 22, 1915, credited by \$25 Feb. 16, 1916; \$25 Jan. 1, 1917 and the costs.

The purchaser will be required to give bond with good security for purchase price, payable to the Commissioner, bearing 6 per cent, interest from date of sale until paid, having the force and effect of a judgment and secured by lien on the land.

A Prosperous New Year To All!

A word to our farmer friends:—Heretofore our surplus stock of Binders, Mowers, Grain Drills, Corn Planters, Etc., have been carried over to the next year by the factories. "**NOW THEY DO NOT.**" So we will not order out anything of the above lines unless they are sold. We look for 1918 to be our hardest year to get implements. My advice is to place your orders early. You be your own judge. Your order will be appreciated **NOW**, as we believe you will not regret it. Your business of last year extended us, is highly appreciated. Yours,

W. H. Higgins, Stanford
